

DQ-TimeCoder™

Frame Accurate VTR Control for
Professional Desktop Video Productions

*Adobe Premiere Plug-In
for Macintosh,
Win 95/NT & SGI O2*

Diaquest, the industry leader in animation control technology, offers DQ-TimeCoder, an Adobe Premiere Plug-in product for professional video machine control.

DQ-TimeCoder is the ideal enhancement to every video production studio or creative facility merging traditional video technology and desktop video production tools. DQ-TimeCoder extends Premiere's reach into the post-production market with the essential time code link and frame accuracy necessary to ensure professional results.

DQ-TimeCoder adds enormous functionality to Premiere, providing time code capability, as well as frame accurate machine control, of the video source directly from within Premiere. DQ-TimeCoder enables frame accurate, time coded movie clips for generating frame accurate edit decision lists (EDLs).

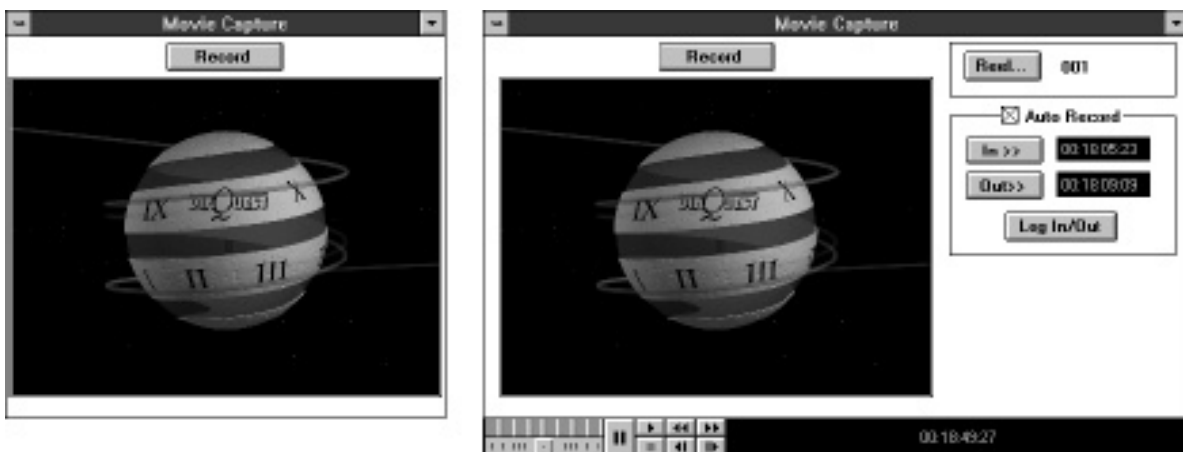

DQ-TimeCoder also includes the ability to log movies and create bath capture lists. In Macintosh, It also provides frame accurate control of Premiere's waveform monitor and vectorscope tools for setting video levels for specific time code sequences. These functions require both time code and machine control and are not available without DQ-TimeCoder.

KEY FEATURES

- Frame Accurate Video Capture
- SMPTE/EBU Time Code Stamping of Adobe Premiere Movies
- Realtime Video Machine Control
- Frame Accurate Clip Logging
- Frame Accuracy in Single Event or Batch Mode
- Frame Accurate Edit Decision List (EDL) Creation for Post Production
- Waveform Monitor and Vectorscope Control for Specific Time Code Sequences (in Macintosh)

SUPPORTED VTRs

DQ-TimeCoder supports most professional RS-422 9-pin serial decks having built-in SMPTE/EBU time code. Contact Diaquest for a complete list of supported VTRs.

The Movie Capture module looks different when DQ-TimeCoder is installed. As shown, machine control buttons, tape location, In and Out point registers, Reel, and Log In/Out buttons only exist when DQ-TimeCoder is installed.
